ONE on ONE with GOD

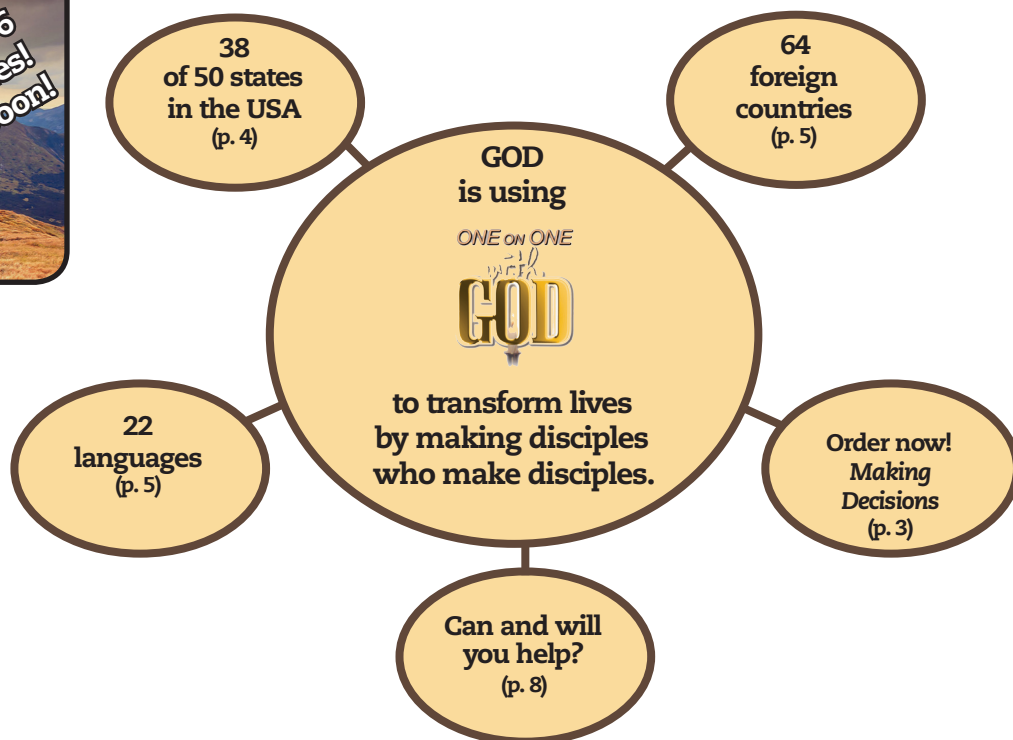

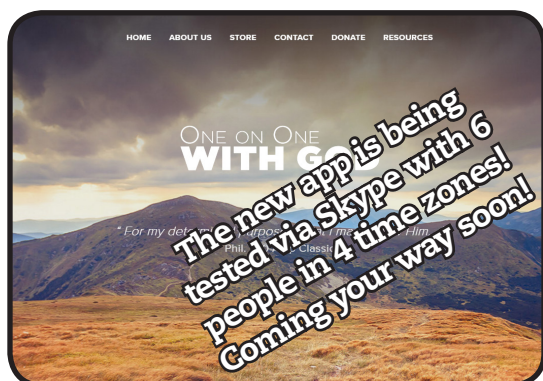

NEWS

An update from Go Face to Face International, Inc.

What is God doing around the world through Go Face to Face International, Inc., and One on One with God?

Go Face to Face News is published in response to the above question from *One on One with God* disciples and disciple-makers around the world, as well as our prayer partners and financial supporters, all of whom are part of a bigger team than they can imagine.

We want each team member to know that he or she is part of a large and growing movement whose goal is reaching people for Christ and walking with them to maturity by making disciples who make disciples.

Q: What is the relationship between Go Face to Face International, Inc., and *One on One with God*?
A: *One on One with God* is a tool used by Go Face to Face International, Inc., to make disciples and produce disciple-makers throughout the world.

God is transforming lives through *One on One with God* in the USA

V. B. Coleman, Prolific Disciple-Maker & Church Planter

My name is V. B. Coleman, and I have been making Christian disciples utilizing the *One on One with God* curriculum since 1992.

In 1990 I attended my first *One on One with God* class in Spain at the Naval Station Rota Chapel. What a lasting impact that 15 weeks had on me! Without a doubt it altered the trajectory of my life, and my life has never been the same. My desire for God changed, my prayer life changed, my study of the Word of God changed, and my witness for Jesus Christ changed.

I have used the *One on One with God* curriculum to make disciples on three continents and in four countries: Rota, Spain, from 1992-2003; Yokosuka, Japan, from 2004-2008; Motta Sant'Anastasia, Sicily, from 2009-2011; and Jacksonville, Florida, from 2016 to the present.

How amazing it has been to see my disciple “flowers” bloom between the first and fifteenth weeks of *One on One*! Some of these I trained have gone on to become disciple-makers: Lisa J, Rebecca G, Patrice B, Sylvia N, Enochia A, Dr. Glovinia W, Clarice B, Eyvolle P, and John B.

Besides making disciples who make disciples, my husband and I also planted churches in Spain, Japan, and Sicily because making disciples and planting churches go hand in hand.

We will forever be thankful to our dear friend Charles Tope, missionary and our former pastor, who came to our home in 1975 to ask if we would begin making disciples at our church like we had been doing in our home for the past five years. Brother Tope encouraged us to make *One on One with God* available to everyone, not just a few.

Now, after several decades, tens of thousands of people have been disciplined through *One on One with God* in many languages and in many countries. We thank Brother Tope for allowing God to use him to challenge us and stretch our vision to include reaching the world for Christ through *One on One with God*.

Jerry & Marilyn Fine

I had the privilege of serving as pastor of Northwest Baptist Church, Oklahoma City, for nearly fifteen years. In the early months of my pastorate, I discerned a remarkable

level of spiritual maturity among the members of the church. It was evident in their commitment to service, prayer life, and walk with God. It was apparent to me that the devotional life of the congregation was on a higher plane than most churches. It took only a short time for me to find the source of this maturity. Northwest had been blessed with godly pastors who preached the Word, but I am convinced the greater reason was that hundreds of members had been disciplined in a study called *One on One with God*.

This study, developed by Northwest's own Jerry and Marilyn Fine, was birthed and honed in the lives of our members. Jerry and Marilyn are godly lay leaders who have spent their lives discipling others. I had the unique opportunity to see the impact of *One on One* in the lives of our members. I have observed person after person disciplined with this tool, resulting in lives being dramatically affected.

One on One is what a discipleship program ought to be, developing mature, consistent, and balanced Christians who walk in an intimate love relationship with Christ through daily scripture reading and application, prayer, and scripture memory. It is easily transferable, well laid out, and designed so that others can teach without difficulty. It works well in a small group or one-on-one. People enjoy sharing it with others because of its impact on their own lives. Our goal was for every church member to complete *One on One*. I have always believed that when people are consistently involved in the Word and in prayer, an unshakable foundation is laid in their lives.

Dr. Anthony L. Jordan

*Former Executive Director-Treasurer
Baptist General Convention of Oklahoma*

The focus on knowing Christ in a progressive, intimate way and then making Him known to others isn't a program to go through but a lifestyle to develop. Knowing Christ intimately and giving your life to developing others into disciple-makers is the goal—so that people everywhere can come to know our magnificent Lord, Jesus Christ.

I know of no greater need in the church today than to help its members have an intimate relationship with Christ and then be able to disciple others. To fulfill this need is what *One on One with God* is all about. Jerry and Marilyn Fine personally gave their lives to discipling people, and as they did, *One on One with God* was born.

In their local church and as Jerry traveled in his career, they disciplined people using the materials they developed. Thus *One on One with God* came into existence over a period of many years in the context of real-life situations.

One on One worked well with individuals or a small group and with people of various ages. Many who became Christ's disciples wanted to disciple others. Eventually a leader's guide was developed so anyone could use the materials.

Working with university students, I have seen God use this material to give students direction, a plan, content, and confidence that enable them to produce multiplying disciples. Now there are people scattered around the world using these materials as a guide. Spiritual multiplication is the result.

Former Director

One on One with God is anointed by God and the best material I have ever seen on discipleship.

Over the years I have studied and sometimes used notebooks designed to help Christians grow. *One on One with God* is superior to any I have ever seen.

Dr. Roy J. Fish
Professor of Evangelism

One on One with God is a powerful tool for knowing God more intimately, living by His promises, and making disciples. It is comprehensive yet simple. I have used it as a churchman, a trial lawyer, an international missionary, a church planter, and an educator.

In times like these, find help in Making Decisions

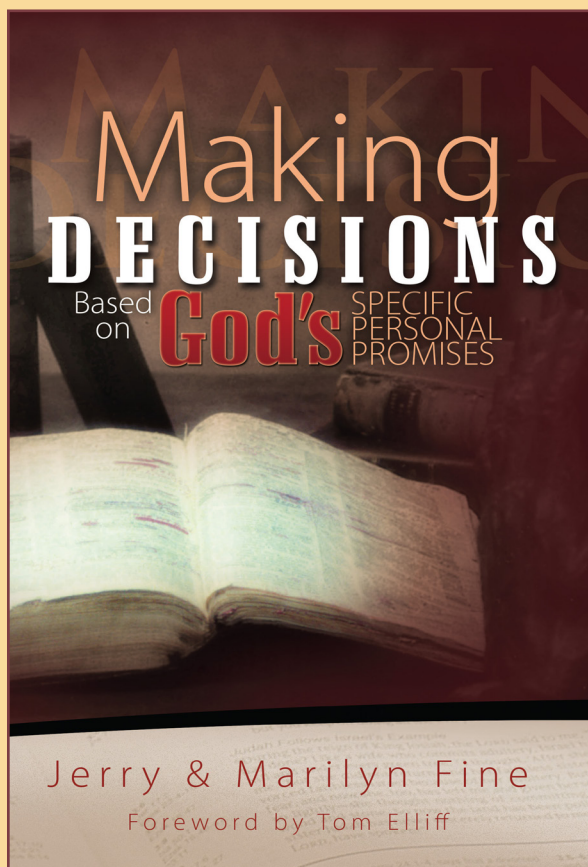

"Your material is wonderful, and the book has helped me and my wife hear God and live on promises."

—Berthold C.

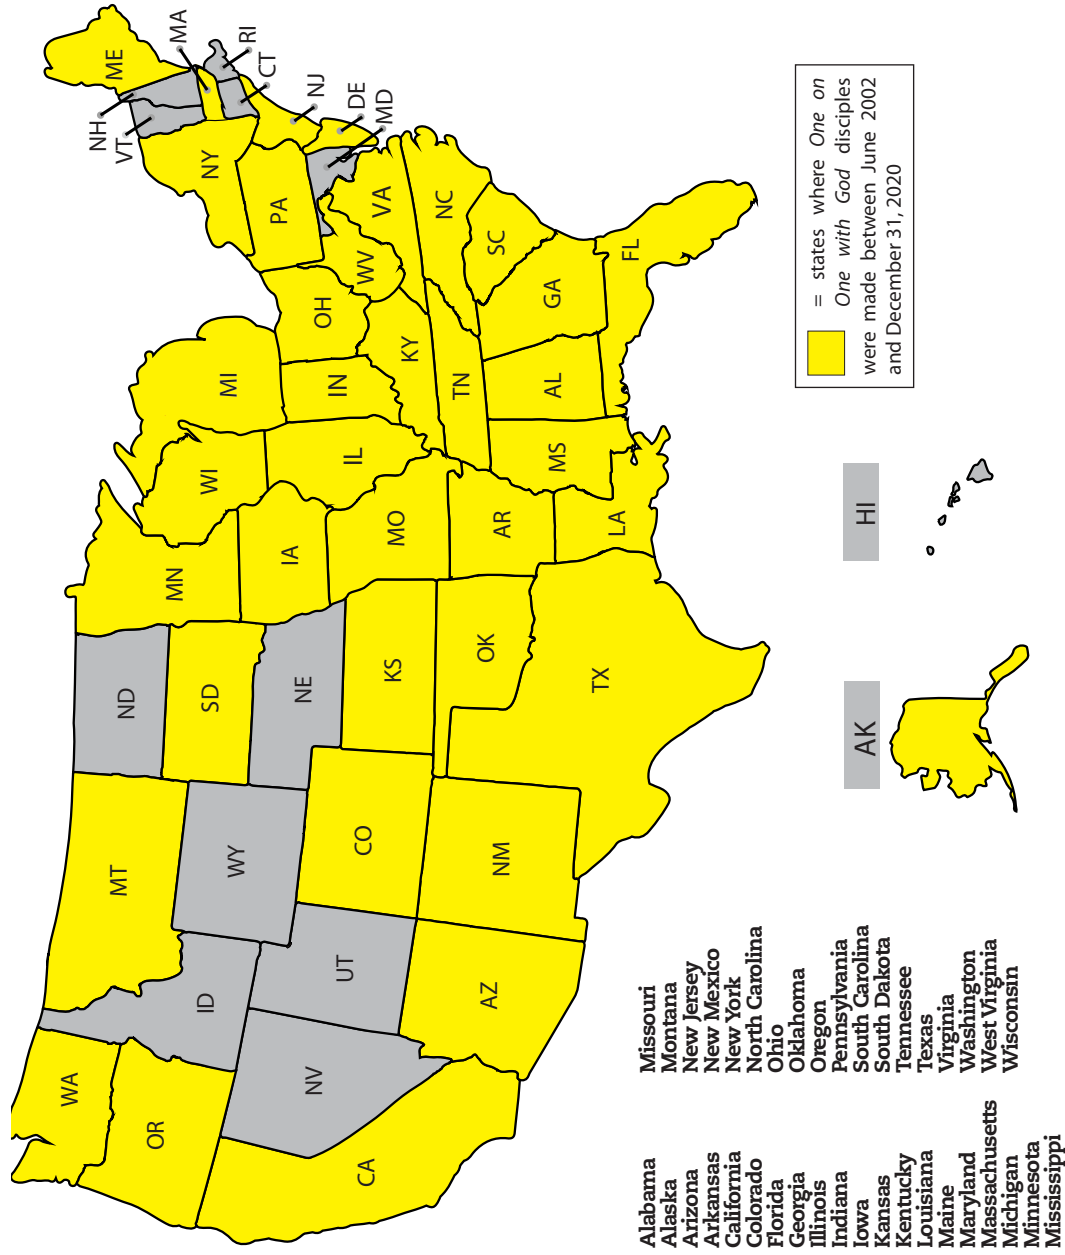

"I have shared Making Decisions with those who are genuinely looking for a tool to help them discern how to live according to God's Word and the promises of scripture. One college student shared with me that through this book, she learned how to find and follow God's direction for next steps in her life. Making Decisions is a great resource that testifies to the power of God's Word and the way it provides practical instruction for His followers."

38 states where *One on One with God* disciples were made between June 2002 and December 31, 2020

When we were in college, we learned from our pastor Preacher Hallock the importance of reading through the entire Bible each year of our lives. From faithfully reading God's Word, we were challenged by Matthew 28:18-20 in which Jesus commanded all Christians to "go and make disciples of all nations." We also became acquainted with believers who taught us that it was our responsibility as Christians to make disciples and produce disciple-makers. So if you visited our home in 1970, you might have seen us collating and filling small loose-leaf notebooks with pages we had typed and then copied on our photocopy machine. Those notebooks were the first *One on One with God* books, and we were using them to make disciples and produce disciple-makers in our home.

In 1975 our pastor Charles Tope visited us and asked us to make disciples at church like we were in our home. He explained that we needed to make *One on One with God* available to more people than we were able to disciple in our home. We agreed and began making disciples and producing disciple-makers both at home and at church.

Over the years the loose-leaf *One on One with God* notebooks became the professionally printed and bound workbooks that are in use today. In 2002 we invested in a website that made it possible for people to order *One on One with God* books online, which allowed us to keep a record of where the books were being shipped.

Our records from 1970 to 2002 are not sufficient to share with you the number of states where we had disciple-makers, but in the 18 years between 2002 and 2020, we have proof of *One on One with God* disciple-makers in 38 states and hundreds of locations. **Those who have been reached heard about *One on One* from concerned friends and relatives who wanted to share with someone they loved what they had learned through being discipled using the tool *One on One with God*.**

One on One is a movement in Africa

22 African countries with One on One disciple-makers

The work of Go Face to Face International is far from finished, but we praise God for what He has done so far in Africa through *One on One with God*. To God be the glory! We know of 22 countries in Africa that have *One on One with God* disciples who have been trained to be disciple-makers. There are other African countries we do not know about because the disciples and disciple-makers move from country to country to make disciples.

A REPORT ON 2020 IN AFRICA

from Harry Tembo and Elder Levy Kayumbe

Despite COVID-19 we had a fruitful year of discipleship training in Africa:

- February 7-29—Nzega, Mwanza, and Maisome Island, Tanzania
- April 3—Chongwe, rural Lusaka, Zambia
- June 11-27—Copper Belt, Eastern and Southern Province, Zambia
- August 30-September 3—Kasama, Northern Zambia
- September 18-21—Mongu, Western Zambia
- September 30—Solwezi, Northwestern Zambia

TANZANIA

Disciple-makers in Nzega, Tanzania

Our trip to Tanzania had three stops: Nzega, Mwanza, and Maisome Island on Lake Victoria.

NZEGA

On February 9 we arrived in Nzega, expecting to hold the *One on One with God* training at the Free Pentecostal Church of Tanzania, Nzega Branch. We had met in this building in 2018, but one week before our arrival, a heavy rainstorm caused the church building to collapse. After much prayer, the church put up a temporary structure. We praise God that these believers sought to trust God and not be discouraged.

We held five full-day disciple-making meetings, emphasizing the need for discipleship and the priority of the local church as the vehicle for making disciples who make disciples. On the second day we were joined by seven seminary students; each was given three workbooks and one leader's guide. We expected this group of seven to multiply to 21 disciple-makers within the next three months.

Some of our disciples were mothers who had to bring along their children because their husbands were fishing on Lake Victoria.

Our last day was a full day with some key disciple-makers, discussing next steps and strategy and reporting the results of the past two years. We were overwhelmed by the many churches and pastors who committed to use *One on One with God* to train other disciple-makers, begin new groups,

or multiply existing groups. They asked for training and materials as soon as possible, and we are praying for financial backers to

provide the funds needed to print more *One on One with God* books in Swahili.

MWANZA

On February 15 we proceeded to Mwanza to follow up with the disciple-makers we had trained in 2018 and to deliver *One on One with God* books to help them lead more groups. We also partnered with six key leaders as they led two groups of 22 and 27 disciples. This gave us much-needed feedback on how the concepts in the resource materials were being understood and used by the local groups.

MAISOME ISLAND

On February 22 we traveled to Maisome Island, one of a group of Lake Victoria islands unreachable by the gospel. Our journey included a three-hour ferry ride, a rough ride on gravel roads to another harbor, a second three-hour trip on a ferry that required us to wade through waist-deep water to board, and a two-hour trip on a fishing boat.

We began the next day with 17 men and were joined that afternoon by a woman who had come to the island to work and was leading a miserable life due to very bad decisions she had made. She attended all five days, blessing us with her honest contributions to the discussions. Elder Levy shared the gospel with her, and we are thankful she prayed to trust Jesus as Savior.

On the second day of training, we were interrupted by

people running to the beach where a boat was approaching, filled with people singing hymns. The new arrivals had heard about visitors who were there to share the gospel; they told

us a second boat was stranded somewhere on the lake with an engine problem. One of our participants quickly left in his boat to rescue the group. An hour later we saw and heard the group, joyously singing hymns as their boat was towed to shore. Our eyes filled with tears as we praised God for these people who had such zeal, desire, and determination to learn to be disciples of our Lord and Savior Jesus Christ!

We are humbled that God would use the five of us men to promote His work. It was clear that God wanted to

encourage these leaders so that they and their church members could have a significant ministry as they continue with us to fulfill Jesus' Great

Commission to make disciples by going, baptizing, and teaching to do all that He commanded.

ZAMBIA

CHONGWE, COPPER BELT, KASAMA, MONGU, SOLWEZI

The objective of these trips was to follow up with key disciple-makers to encourage, evaluate, plan activities, and deliver *One on One with God* books. We conducted our meetings at two different locations due to COVID-19 restrictions on

the number allowed to assemble in one location. At Grace Baptist Church we met with 19 disciple-makers from six different churches. At Living Water we met with 16 disciple-makers from four different churches. All ten churches have adopted *One on One with God* as the tool to make disciples.

We received some interesting feedback from these trips regarding church attendance after COVID-19 restrictions had been partially lifted. Churches that had been faithful in making disciples saw less reduction in attendance compared to the marked drop seen in churches with no disciple-making activities. This has increased demand for *One on One with*

God materials, and we thank God we were able to donate 100 workbooks and 50 leader's guides in response to this demand. We also supplied 35 Bibles to key disciple-makers.

The COVID-19 pandemic has brought many challenges and caused many believers, pastors, and churches to cancel meet-

ings, trips, trainings, and other gatherings. But that does not mean ministry has stopped for our *One on One with God* disciple-making teams and church planters in Africa. These faithful leaders and teams have responded to health restrictions respectfully and creatively—and continue to share the gospel and make disciples by utilizing the *Jesus* film and the *One on One with God* tool. They are also using audio-video equipment to educate people about the dangers of COVID-19 and ways to prevent infection with the virus.

Despite the challenges, our *One on One with God* disciple-makers have shown the *Jesus* film over 98 times (an average of twice per week), recorded over 1,960 salvations and 2,100 baptisms, and discipled over 3,712 people in 2020 in Tanzania, Zimbabwe, Mozambique, Kenya, Malawi, Namibia, and other parts of Africa. Please pray for the disciple-makers and the new believers. Please also pray for the funds needed to purchase more *Jesus* film kits, Bibles and *One on One with God* books.

One on One with God in Solwezi, Zambia — September 30 – October 4

Pastors and disciple-makers in Zambia are making disciples who become disciple-makers and church planters, with more than 1,000 trained through *One on One with God*. Thank you for your prayers and gifts that support travel and allow us to print books.

Levy and Harry traveled to Solwezi to work with two pastors they had met at a *One on One with God* forum in 2014. N'guni and Mkadanwire had left the conference with enough books to disciple a new team of 12. Since 2014 the team has multiplied to 764, and six new disciple-making hubs are active in the satellite towns of Kalumbila, Mufumbwe, and Mushindano.

On this trip, Harry and Levy distributed more than 100 *One on One with God* workbooks and 100 Bibles and conducted a district Eagle

leaders conference. Solwezi District leadership is encouraging new disciples to identify and start training at least three people, even before they themselves complete their training. The Eagle leaders of Solwezi are committed to the goal of saturating churches with disciple-makers. Remote areas that had no gospel witness now have growing Christian communities led by trained disciple-makers, and believers are taught to make disciples and reach even deeper into the rural areas. Sometimes a whole village or chiefdom is won to Christ, followed by neighboring villages.

Please join us in praying that in all things known and unknown, seen and unforeseen, Jesus Christ will be glorified in Africa.

AN IMPORTANT LETTER

In 2019 missiologists identified 707 movements of God worldwide where disciples are making disciple-making disciples and churches are multiplying to the fourth generation in at least four streams of multiplication. We do not know if *One on One with God* was considered in that study, but we do know that when you invest financially in *One on One*, **for every two Africans disciplined with our materials, one will reproduce and make more disciples.**

***One on One with God* is a fantastic kingdom investment!**

We urge you to ask God how you can be part of what He is doing in Africa and worldwide by investing in *One on One*.

AN URGENT NEED IN 2019: For the first time we were unable to provide the necessary funds to fully support the *One on One with God* disciple-making movements. Between 1970 and 2002, we were personally able to fund all that was needed. Between 2002 and 2018, others joined us to meet the necessary funding, but in 2019 we fell short in fully funding all that we needed to do.

Now we are asking you to join us in specifically asking the Father to provide the financial resources to support these disciple-making movements and to prayerfully consider giving generously. While we are confident that God will provide, we are also aware of the requirement to educate you as to the need.

Meeting the challenge at our doorsteps will require a nearly threefold increase in gifts to *One on One with God*. Our specific requests are for you to support us prayerfully, give as God leads, and serve as God directs.

Jerry & Marilyn

Experience in Central and Southern Africa tells us that approximately one out of every two people disciplined becomes a disciple-maker.

Therefore, a donation of:

- **\$18** produces 1 passionate disciple-maker.
- **\$180** produces 10 passionate disciple-makers.
- **\$1,800** produces 100 passionate disciple-makers.
- **\$18,000** produces 1,000 passionate disciple-makers.

Can and will you help us fuel this movement of God?
