

REVISED – ONE ON ONE WITH GOD – AFRICA DISCIPLE-MAKING MINISTRY**31 December, 2022**

Dear Jerry and Marilyn Fine,

2022 has been yet another year in which we have witnessed significant spiritual growth in some African countries where the *One on One with God* tool has continued to be used to train and make Disciple-Makers. This is because despite the number of churches and believers raising steadily in Africa, there is still some imbalance in the spatial growth and spiritual depth of believers. This has happened mainly because legitimate and vital component of the Great Commission, disciple-making has been omitted or neglected. *One on One with God*, therefore, has been very effective in addressing this imbalance by providing effective discipleship-making training which is helping change and transform lives that conform to Christ-likeness.

The table below shows the result of the work done using the *One on One with God* tool from **January -December 2022:**

| Country | Number of Disciple-Makers Trained | Number of Jesus Film Shows | Number of Baptisms | Number of New Churches Planted | |
